**How it works.** Just call one of our caring assistants at 412.381.4453 and tell her you want a free phone consultation with Dr. Kukurin. That you have questions about your health. She will set up a time (mutually convenient) when Dr. Kukurin can call you back. He'll discuss your >>

Pain is a sign that tissue in your body is being damaged. There is no glory in having a **"high pain threshold"**, it merely means that you are allowing the damage to progress. If you have been experiencing pain for some time, call me now so we can figure out what you need to do to correct your problem. After I speak with you for a while, I can usually determine what is wrong with you, if you need an examination, what tests, if any, you may need and most importantly, if what I have to offer is what you need. If I feel you are better off with another type of doctor I'll advise you who I think you should see. ~ Dr. K
